amendment of Condition 4 to refer to '7 persons' instead of '5 students'.

RU 08/0628

**Land at Wick Road/London Road, Englefield Green
Outline application for proposed means of access only and with
all other matters reserved for a residential development
(indicative total of 61 residential units comprising 39 no 2 bed,
16 no 3 bed and 6 no 4 bed).**

DECISION: REFUSE for the following reasons:-

1. **The site is identified as safeguarded housing land in saved Policy HO6 of the Runnymede Borough Local Plan Second Alteration 2001. The Borough has a five year supply of land, and a further ten year supply, in accordance with Planning Policy Statement 3: Housing. The early release of this safeguarded site would lead to an over-provision of housing beyond that required by the principles underpinning saved Policy HO6 of the Local Plan and saved Policy LO6 of the Surrey Structure Plan 2004 and would undermine the regulation of the supply of housing land, pending the assessment of future housing sites in the Borough as part of the Local Development Framework process in line with the requirements of the emerging South East Plan. The proposal is therefore premature and contrary to saved Policies LO4 and LO6 of the Surrey Structure Plan 2004 and the principles underpinning saved Policies HO6 and HO7 of the Runnymede Borough Local Plan Second Alteration 2001, and Planning Policy Statement 3: Housing.**
2. **The proposal, by reason of the premature release of the safeguarded site, would prejudice decisions about the scale, sustainability and phasing of new housing development in the Borough. The proposed development, if permitted, would be likely to set an unacceptable precedent for similar proposals in respect of other land safeguarded to meet long term housing needs, which might then be difficult to resist, the cumulative effect of which would further undermine the phased release of housing land to the detriment of the long term protection of the Green Belt. The proposal is therefore contrary to saved Policies LO4 and LO6 of the Surrey Structure Plan 2004 and the principles underpinning saved Policies HO6 and HO7 of the Runnymede Borough Local Plan Second Alteration 2001, and Planning Policy Statement 3: Housing.**
3. **The applicant has failed to demonstrate that the proposal, by reason of the density of the proposed residential development, would make the most efficient use of the land in the absence of sustainability and character assessments in association with housing supply assessments to be carried out as part of the emerging Local Development Framework and Sites Allocation Development Plan Documents. The proposal is therefore contrary to saved Policy SE4 of the Surrey Structure Plan 2004, Planning Policy Statement 1: Delivering Sustainable Development and Planning Policy**

Statement 3: Housing.

4. **The applicant has failed to adequately demonstrate that affordable housing provision will be provided in accordance with the requirements in the Council's interim Supplementary Planning Guidance on Affordable Housing, including the securing of a legal agreement. The application is therefore contrary to saved Policy DN11 of the Surrey Structure Plan 2004 and saved Policy H04 of the Runnymede Borough Local Plan Second Alteration 2001, the Adopted Interim Advice Note on Affordable Housing and Planning Policy Statement (PPS3): 'Housing'.**
5. **The applicant has failed to secure any payments for Infrastructure Contributions in accordance with the Council's Adopted Supplementary Planning Guidance (SPG) on Planning Obligations December 2007 which took effect for new proposals submitted on and after 1 April 2008. This SPG was prepared as a collaboration with Surrey County Council and other Surrey Districts after consultation in order to take account of the cumulative impact of development on infrastructure and was commended in the Panel Report on the South East Plan in August 2007. As a result the proposal is also contrary to saved Policy DN1 of the Surrey Structure Plan 2004, Policies CC5 and LF5 of the draft South East Plan (as amended by the Panel Report) and national advice in Circular 05/2005.**

(Mr A Malhotra, an agent for the applicant, addressed the Committee on the above application).

RU 08/0641

10-18 Station Road, Egham

Erection of a four storey building comprising a retail unit on the ground floor and 11 no 2 bed flats and two 1-bed flats, 12 car parking spaces on the ground floor following demolition of the existing buildings.

DECISION: REFUSE for the following reasons:-

The proposal by reason of its overall design and scale would result in an incongruous built form in a very prominent location that would fail:

- a) **To integrate into its context forming poor relationships with the surrounding buildings and not respecting or enhancing the visual amenity of the townscape and the quality of the public realm and failing to take the opportunity to improve the character and quality of the area, contrary to saved Policies LO2 and SE4 of the Surrey Structure Plan 2004, saved Policies BE2 and HO9 of the Runnymede Borough Local Plan Second Alteration 2001 and advice contained in Surrey Design and Planning Policy Statement 1 : 'Delivering Sustainable Development' and Planning Policy Statement 3 : 'Housing'.**
- b) **To pay special regard to the setting of the Grade II Listed Building at no 8 Station Road North or preserve and**

enhance the character and appearance of Egham Conservation Area contrary to saved Policy SE5 of the Surrey Structure Plan 2004, saved Policies BE5 and BE10 of the Runnymede Borough Local Plan Second Alteration 2001 and advice contained in Planning Policy Guidance Note 15: 'Planning and the Historic Environment'.

- c) To contribute to and improve the vitality and viability of Egham Town Centre contrary to saved Policy LO3 of the Surrey Structure Plan 2004, saved Policy TC1 of the Runnymede Borough Local Plan 2001 and advice contained in Planning Policy Statement 6 (PPS6) : 'Planning for Town Centres'.

RU 08/0646

1-5 Vicarage Road, Egham
Erection of part single, 2 storey and 3 storey block comprising 39 Category (ii) sheltered apartments for the elderly (26 no 1 bed and 13 no 2 bed) plus ancillary lodge manager's office with new access, 13 no parking spaces, landscaping and amenity space all following demolition of the existing detached dwellings.

DECISION: REFUSE for the following reasons:-

1. The applicant has failed to submit an adequate Flood Risk Assessment to prove that the development would not result in the loss of flood plain storage, thereby increasing the risk of flooding on and off the site. Furthermore, the development would place additional residents into an area at risk of flooding and the Flood Risk Assessment has not shown that safe escape can be provided in a 1 in 100 year flood event (plus climate change). As such the proposed development fails to pass the Exception Test and is contrary to Government advice in Planning Policy Statement 25 : 'Development and Flood Risk' and in its Practice Guide (June 2008) and saved Runnymede Borough Local Plan (2001) Policy SV2.
2. The application does not include the provision of any on-site affordable housing nor make a contribution towards the provision of affordable housing off-site, nor does it include financial records to explain the reasons why 40% affordable housing cannot be achieved on site, nor a contribution made in lieu of on-site provision. The provision of affordable housing is considered necessary in the light of the pressing and clear need for such housing within the local authority area, and as such the application is considered to be contrary to Government advice in Planning Policy Statement 3 : 'Housing', saved Structure Plan Policy DN11 (2004), saved Local Plan Policy HO4 and the Council's adopted Supplementary Planning Guidance Note on Affordable Housing (December 2007).
3. The proposed development, by reason of its height, bulk and massing, its position on the site, its relationship with neighbouring properties and siting of the car parking area, would be out of keeping with and detrimental to the character and appearance of the area. As such, the design of the scheme is considered to be

inappropriate to its context and does not relate well to, and fails to take the opportunity to improve the character and quality of the area, contrary to advice in Planning Policy Statement 1 : 'Delivering Sustainable Development', Planning Policy Statement 3 : 'Housing', saved Policy SE4 of the Surrey Structure Plan 2004, saved Policies BE2 and HO9 of the Runnymede Borough Local Plan Second Alteration 2001, By Design and Surrey Design.

4. The proposed development, by reason of its height, scale and bulk and its position in relation to adjoining properties, would have an overbearing impact in relation to adjoining residential properties, eroding their outlook and causing overlooking and loss of privacy, contrary to saved Policy HO9 of the Runnymede Borough Local Plan Second Alteration 2001.
5. The application does not include a satisfactory completed unilateral undertaking to make any payments for Infrastructure Contributions in accordance with the Council's Adopted Supplementary Planning Guidance (SPG) on Planning Obligations, December 2007 which took effect for new proposals submitted on and after 1st April 2008. This SPG was prepared as a collaboration with Surrey County Council and other Surrey districts after consultation in order to take account of the cumulative impact of development on infrastructure and was commended in the Panel Report on the South East Plan in August 2007. As a result, the proposal is also contrary to saved Policy DN1 of the Surrey Structure Plan 2004, Policies CC5 and LF5 of the Draft South East Plan (as amended by the Panel Report) and national advice in Circular 05/2005.

(Mrs Hawkins, an objector, and Mrs McNulty, an agent for applicant, addressed the Committee on the above application).

RU 08/0667

100-106 Church Road, Addlestone
Erection of a building to provide 53 bedroom extra care home (39 beds for dementia care, 14 rooms for extra care and respite care), parking for 14 cars and 5 cycles and widened access adjacent to 108 Church Road, following demolition of existing buildings for car sales and maintenance.

DECISION: REFUSE for the following reasons:-

1. The proposed development, by reason of the scale, height, width, depth, mass, bulk, forward projection, proximity to common boundaries, layout and site coverage of buildings with contrived car parking and servicing arrangements would be a prominent and incongruous form of development with a cramped appearance and over-development of the site would have a detrimental impact on the visual amenities of the street scene of Church Road and the character and pattern of the surrounding area. The scheme fails to improve the

character and quality of this area, and is contrary to saved Policies BE2 and HO9 of the Runnymede Borough Local Plan Second Alteration 2001, saved Policies LO2 and SE4 of the Surrey Structure Plan 2004, Planning Policy Statement 1 : 'Delivering Sustainable Development'; Planning Policy Statement 3 : 'Housing', By Design and Surrey Design.

2. The applicant has failed to demonstrate that the site is suitable for the proposed use and that future occupiers would not be at risk from contamination and that contamination would not spread to surrounding land. The proposal is therefore contrary to Planning Policy Statement 23: Planning and Pollution Control.

(Mr Garrett, an objector, and Mr Kendall, agent for applicant addressed the Committee on above application).

RU 08/0686

39 Green Lane, Addlestone

Outline application for erection of new ground floor shop unit and 3 no x 1 bed flats following demolition of existing shop, two flats and outbuildings with parking for 4 cars.

DECISION: GRANT subject to Conditions, Reason and Informatives listed on Agenda.

SOUTH EAST ENGLAND REGIONAL ASSEMBLY CONSULTATION ON GYPSY AND TRAVELLER SITE PROVISION IN THE SOUTH EAST

This report was deferred and would be considered at the next meeting of the Planning Committee.

FINANCIAL MONITORING STATEMENT

The Committee was informed of the latest financial projections for the 2008/09 financial year for Planning and Development services.

The Planning Fee Income was below budget but the Building Control Fee Income was above budget. The Committee was informed that the Government had passed legislation to extend 'permitted development' rights on developments which, hitherto had required permission. This would come into effect from 1 October 2008 and would result in a further reduction in planning application fee income. A seminar on the new 'permitted development' rights would be arranged for all Councillors.

At its meeting on 26 June 2008, the Corporate Management Committee asked that all service Committees consider savings proposals for those areas of required savings within their budget which they had not yet achieved. The one savings target the Planning Committee had not achieved related to £20,000 of further income being generated from increases in fees for development control. The fee levels were set by the Government and had remained unchanged for several years until they were increased from April 2008. However, in the current economic climate, and in view of the aforementioned extension of 'permitted development' rights, increased income was unlikely to be achieved.

APPEAL DECISIONS

The Committee noted that the Planning Inspectorate had recently determined the appeals mentioned below.
