1. Purpose of Report

1.1 **The purpose of this report is to inform the Committee of the latest financial projections for the 2009/10 financial year for regulatory services.**

2. Background Information

2.1 The Financial Monitoring Statement was introduced to all Committees in September 2006 to inform Members of the current financial position of the services under the remit of each Committee.

2.2 Each statement reflects an updated position based upon the 2009/10 original estimates approved by this Committee in January. The Financial Forecast previously approved by Council in December 2008 has now been updated to reflect changes made during the updating of the Council's Revenue estimates.

3. Report

3.1 The statement set out at Appendix 'A' is split into three distinct parts:

- Projected budget and forecast
- Savings still to be delivered
- Current year key budget indicators

3.2 The Projected budget and forecast sections show any anticipated variations in the current year's budget. These variations are categorised as approved changes and other potential changes. Implications for the following three years are included for completeness so that the full-year effect of any changes can be seen.

3.3 The achievement of the revenue reductions programme approved by the Council is one of the Council's key performance indicators. Savings targets not yet achieved are reported in the second section of each statement. These savings are all incorporated into the projected budget and forecast figures in section one.

- 3.4 The final section sets out the key budget indicators for the significant areas of this Committee's budget. This indicates the actual income received set against the amount expected (the budget) for the period covered by each statement.
