# Non-Domestic Explanatory Notes for 2022-23

### **Non-Domestic Rates**

Non-Domestic Rates, or business rates, collected by local authorities are the way that those who occupy non-domestic property contribute towards the cost of local services. Under the business rates retention arrangements introduced from 1st April 2013, authorities keep a proportion of the business rates paid locally. The money, together with revenue from council tax payers, locally generated income and grants from central government, is used to pay for the services provided by local authorities in your area. Further information about the business rates system, may be obtained at: www.gov.uk/introduction-to-business-rates and at www.runnymede.gov.uk

### Rateable Value

Apart from properties that are exempt from business rates, each non-domestic property has a ratable value which is set by the valuation officers of the Valuation Office Agency (VOA), an agency of Her Majesty's Revenue and Customs. They compile and maintain a full list of all ratable values, available at www.gov.uk/voa The ratable value of your property is shown on the front of your bill. This broadly represents the yearly rent the property could have been let for on the open market on a particular date specified in legislation. For the current rating list, this date was set as1st April 2015. The Valuation Office Agency may alter the value if circumstances change. The ratepayer (and certain others who have an interest in the property) can also check and challenge the valuation shown in the list if they believe it is wrong. Further information about the grounds on which challenges may be made and the process for doing so can be found on the VOA website: www.gov.uk/guidance/how-tocheck-your-rateable-value-is-correct

### **National Non-Domestic Rating Multiplier**

The local authority works out the business rates bill by multiplying the ratable value of the property by the appropriate non-domestic multiplier. There are two multipliers: the national non-domestic rating multiplier and the small business non-domestic rating multiplier. The Government sets the multipliers for each financial year, except in the City of London where special arrangements apply. Ratepayers who occupy a property with a ratable value which does not exceed £50,999 (and who are not entitled to certain other mandatory relief(s) or are able for unoccupied property rates) will have their bills calculated using the lower small business non-domestic rate multiplier, rather than the national non-domestic rating multiplier. The multiplier for a financial year is based on the previous year's multiplier adjusted to reflect the Consumer Price Index (CPI) inflation figure for the September prior to the billing year. The current multipliers are shown on the front of your bill.

### **Business Rates Instalments**

Payment of business rate bills is automatically set on a 10-monthly cycle. However, the Government has put in place regulations that allow businesses to require their local authority to enable payments to be made through 12 monthly instalments. If you wish to take up this offer, you should contact the local authority as soon as possible.

### Revaluations

All non-domestic property ratable values are reassessed at revaluations. The most recent revaluation took effect from 1st April 2017. Revaluations ensure that business rates bills are up-to-date and more accurately reflect current rental values and relative changes in rents. Frequent revaluations ensure the system continues to be responsive to changing economic conditions.

### **Business Rate Reliefs**

Depending on individual circumstances, a ratepayer may be eligible for a rate relief (i.e. a reduction in your business rates bill). There are a range of available reliefs. Some of the permanent reliefs are set out below but temporary reliefs are often introduced by the Government at Budgets. Further detail on reliefs is also provided at: www.gov.uk/introduction-to-business-rates or at www.runnymede.gov.uk

### Small Business Rates Relief

If a ratepayer's sole or main property has a ratable value which does not exceed an amount set out in regulations, the ratepayer may receive a percentage reduction in their rates bill for this property of a maximum of 100%. The level of reduction will depend on the ratable value of the property - for example eligible properties below a specified lower threshold will receive 100% relief, and you may receive partial tapered relief up to a specified upper threshold. The relevant thresholds for relief are set out in regulations and can be obtained from your local authority or at www.gov.uk/introduction-to-business-rates Generally, this percentage reduction(relief) is only available to ratepayers who occupy either -

(a) one property, or

(b) one main property and other additional properties providing those additional; properties each have a ratable value which does not exceed the limit set in regulations. The aggregate ratable vale of all the properties mentioned in (b), must also not exceed an amount set in regulations. For those businesses that take on an additional property which would normally have meant the

loss of small business rate relief, they will be allowed to keep that relief for a fixed additional period. Full details on the relevant limits in relation to second properties and the current period which a ratepayer may continue to receive relief after taking on an additional property can be obtained from www.runnymede.gov.uk or at www.gov.uk/introduction-to-business-rates

Certain changes in circumstances will need to be notified to the local authority by the ratepayer who is receipt of the relief (other changes will be picked up by the local authority). The changes which should be notified are -

- (a) the property falls vacant
- (b) the ratepayer taking up occupation of an additional property, and
- (c) an increase in the ratable value of the property occupied by the ratepayer in an area other than the area of the local authority which granted relief.

# **Charity and Community Amateur Sports Club Relief**

Charities and registered Community Amateur Sports Clubs are entitled to 80% relief where the property is occupied by the charity or the club and is wholly or mainly used for the charitable purposes of the charity (or that of other charities), or for the purpose of the club (or of that and other clubs) The local authority has discretion to give further relief on the remaining bill. Full details can be obtained on www.runnymede.gov.uk.

# **Unoccupied Property Rate Relief**

Business rates are generally payable in respect of unoccupied non-domestic property. However, they are generally not payable for the first 3 months that a property is empty. This is extended to six months in the case of certain other properties for example industrial premises or listed buildings). Full details on exemptions can be obtained from www.runnymede.gov.uk or from gov.uk at www.gov.uk/apply-for-business-rate-relief.

### Transitional Rate Relief

At a revaluation, some ratepayers will see reductions or no change in their bill, where as some ratepayers will see increases. Transitional relief schemes are introduced at each revaluation to help those facing increases. This relief has been funded by limiting the reduction in bills for those who have benefited from the revaluation. Transitional relief is applied automatically to bills. Further information about transitional arrangements and other reliefs may be obtained from www.runnymede.gov.uk or www.gov.uk/introduction-to-business-rates

#### **Local Discounts**

Local authorities have a general power to grant discretionary local discounts. Full details can be obtained from www.runnymede.gov.uk.

# Subsidy

The award of some discretionary relief(s) are subject to the subsidies chapter within the UK-EU Trade and Cooperation Agreement (TCA). This allowance comprises 325,000 Special Drawing Rights (at current exchange rates about £343,000) for Small Amounts of Financial assistance. A business may not receive Small Amounts of Financial assistance subsidy above this limit over a 3-year period (consisting of the current financial year and the two previous financial years).

## Rating advisers

Ratepayers do not have to be represented in discussions about their ratable value or their rates bill. However, ratepayers who do wish to be represented should be aware that members of the Royal Institution of Chartered Surveyors (RICS - website www.rics.org) and the Institute of Revenues, Rating and Valuation (IRRV - website www.irrv.org.uk)are qualified and are regulated by rules of professional conduct designed to protect the public from misconduct. Before you employ a rating adviser, you should check that they have the necessary knowledge and expertise, as well as appropriate indemnity insurance. Take great care and, if necessary, seek further advice before entering into any contract.

### **Information Supplied with Demand Notices**

Information relating to the relevant and previous financial years in regard to the gross expenditure of the local authority is available at www.runnymede.gov.uk/counciltax A hard copy is available on request.
