Dear All,

Further to my most recent correspondence sent on the 20th September, you will now note the Inspectors Issues and Questions (MIQ’s) have been published under the Inspectors Documents (ID-19) on the examination webpage.

**Inspectors MIQ’s**

All of the documents promised to be submitted by Runnymede Borough Council have also been published under the RBCLP documents. These remaining documents are RBCLP documents, ranging from RBCLP_55-58.

**Examination Webpage**

https://www.runnymede.gov.uk/article/16273/Runnymede-2030-Local-Plan-Examination-

The hearing on 14 November will deal only with the implications of the Plan for traffic growth on the A320 and the connections with the M25 at Junction 11, the proposals for mitigation to avoid unacceptable impacts on these parts of the Borough’s highways infrastructure, and the potential effects on the viability and timing of development that is dependent on the completion of the necessary mitigation schemes. Therefore, there is no need for representors to seek to participate in the 14 November session unless their representations contend that the Plan is unsound in the above respects and they wish to give oral evidence on them. The Inspector has published questions for the session (document ID_19). Any written statement that representors may wish to submit in response to the questions will be given equal weight to any evidence given in person. The Inspector does not intend to revisit any of the other issues that have been dealt with in the Stage 1 and Stage 2 hearings in November 2018 and February 2019 respectively. General information about the examination, including the hearings, is set out in the Inspector’s Guidance Note (document ID_01).

Noting the above, would participants please let me know by the statement deadline date of **Friday 18th October, 17.30**, if they intend to appear.

To reiterate from my previous communication;

In preparation for the hearing due to take place on **14th November**, the Inspector has said that any written statements from representors, in response to the Inspectors issues and questions, should be submitted to me no later than **17:30 hours on Friday 18 October**. They should accord with the requirements for written statements as set out in the Inspectors Guidance Note (**ID-01**). The Inspector will issue an agenda for the hearing session by **Friday 8 November**.
Please let me know if you have any questions

Kind Regards

Charlotte Glancy
